

Freestyle Family Fun

Eat. Drink. Relax. Play. It sounds simple because it is. We've gone out of our way to think of every detail so you don't have to, and that's why our cruises are perfect for families. Only NCL allows you to customize your vacation until everything's just right. So go ahead and take a Freestyle Cruise that's as special as your family. Because at NCL, the family that sails together does... whatever.

Kids & Teens Crew

Our Kid's and Teen's Crew programs make the ocean a playground. Explore every port, relax at the spa, or indulge in a couple's only dinner - without the worry. You'll feel good knowing kids are in safe hands with our professional staff.

It's their vacation, too! That's why NCL offers even the youngest family members endless choices. They'll have a blast at their own kid's pool with cool toys like slides and water squirters. Young adults will be relieved to have their own dance floor, video game consoles and smoothie bars at our teen night clubs. And talk about drama! Creative teens and kids can take the stage in our Star Seeker competition for a chance to win great prizes, like a free family cruise.

Bring your kids and teens on the cruise that lets them hang out, their way. At NCL, we're seriously kidding around.
